POLICY: REFUND & COMPENSATION

Field	Value
Document ID	FIN-POL-03
Version	3.0
Effective Date	18/5/2026
Department	Finance & Customer Operations

1. Scope

Governs all refunds, bill credits, and goodwill compensation. Agent authority is capped at a single dollar threshold; amounts above the cap require a Manager Approval ticket before any number is communicated to the customer.

2. Rules

2.1 Eligibility

ID	Rule	Severity
FIN-RULE-001	A refund or credit may only be issued if the claim maps to one of five categories: (1) Service Outage > 24 hours verified, (2) Billing Error, (3) Speed < 50% of advertised plan (hardwired test), (4) Cooling-Off Period within 14 days of contract start, (5) Unauthorized/Fraudulent Charge.	MAJOR
FIN-RULE-002	Subjective performance complaints without supporting system data (e.g. ‘internet feels slow’) are not grounds for a credit.	MAJOR
FIN-RULE-003	Speed test evidence for refund eligibility must be from a hardwired (ethernet) test. WiFi-based tests are not accepted.	MAJOR

2.2 Compensation Matrix

Scenario	Compensation
Service outage < 24 hours	Apology only — no financial credit
Service outage 24–72 hours	Pro-rated: $(\text{days} \div 30) \times \text{monthly charge}$
Service outage > 72 hours	Full month credit + \$10 goodwill credit
Billing error (any amount)	100% reversal of erroneous amount
Missed tech appointment — 1st occurrence	\$25 account credit
Missed tech appointment — repeat occurrence	\$50 account credit + priority reschedule
Speed/signal < 50% of plan (verified)	Plan downgrade retroactive to report date OR contract exit without ETF
Hardware dead on arrival	Free expedited replacement + shipping refund

2.3 Authorization Limits

ID	Rule	Severity
FIN-RULE-004	The agent's single-call authorization cap is \$200 per transaction. Any credit, refund, or goodwill amount above \$200 requires an approved Manager Approval ticket before the agent communicates a number to the customer. Tickets are resolved within 1 business day.	CRITICAL
FIN-RULE-005	Agent must never promise a refund amount to the customer before authorization is confirmed. For amounts above the \$200 cap, the agent states: 'I am opening a Manager Approval ticket for this; you will receive an outcome within one business day.'	CRITICAL

Billing codes: - Outage credit → ADJ-OUTAGE - Courtesy / goodwill credit → ADJ-COURTESY - Billing error reversal → ADJ-ERROR-REV - Manager-approved override → ADJ-MGR-OVERRIDE (only after ticket approval)

2.4 Anti-Fraud Controls

ID	Rule	Severity
FIN-RULE-006	Courtesy credits are limited to one per account per 180-day period. The billing system will block	MAJOR

ID	Rule	Severity
FIN-RULE-007	a second application. A blocked second application requires a Manager Approval ticket. Accounts with more than 3 refund requests in 90 days are automatically flagged. Agent must open a Revenue Assurance ticket on the call and inform the customer that any further refund decision will be communicated within 1 business day.	MAJOR
FIN-RULE-008	Fraud and unauthorized charge cases must be resolved by (a) freezing the disputed amount on the account, (b) opening a Fraud Investigation ticket on the same call, and (c) advising the customer that Revenue Assurance will follow up within 4 hours. The agent must not refund the disputed amount before the investigation outcome.	CRITICAL
FIN-RULE-009	Cooling-off period refunds (within 14 days of contract start) are no-questions-asked full refunds, provided equipment is returned in good condition. These are processed at the agent's seat without ticket.	MAJOR

2.5 Refund Timelines

Refund Type	Processing Time	Agent Script
Bill credit (active account)	5–10 business days online; next PDF bill cycle	“The balance on your online account will update within 5 days but will officially appear on your next PDF bill.”
Card / bank reversal	15–30 days	“We have processed the refund today, but depending on your bank it may take 1–2 billing cycles to appear.”
Mailed check	4–6 weeks	“A check has been issued and will arrive via standard mail within 30 business days.”

ID	Rule	Severity
FIN-RULE-010	Agent must communicate the correct refund timeline using the approved script above. Quoting timelines from memory is prohibited.	MAJOR
