

NEXALINK TELECOMMUNICATIONS

SOP: REFUND REQUEST PROCESSING

Field	Value
Document ID	SOP-01
Version	3.0
Effective Date	18/5/2026
Department	Call Center Operations

Applies to: All agents. Fraud cases are not transferred — the agent freezes the disputed amount and opens a Fraud Investigation ticket on the same call.

Steps

Step 1: Open Call & Verify Identity

Field	Value
Precondition	Call connected. Recording notification not yet given.
Action	Deliver greeting script. State recording notification if not played by IVR. Verify customer using 3 of 5 identifiers. No refund discussion may begin until verification is complete.
Output	Customer verified. OK to proceed.
Policy Ref	CS-RULE-001, CS-RULE-002, CS-RULE-004, CS-RULE-005

Step 2: Identify the Refund Reason

Field	Value
Precondition	Verification complete.
Action	Ask customer to describe the issue. Map the complaint to one of five eligible categories: Service Outage > 24h, Billing Error, Speed < 50% of plan, Cooling-Off Period (within 14 days), Unauthorized Charge. If no category matches, proceed to Step 3 before declining.
Output	Refund category identified or flagged as unclear.
Policy Ref	FIN-RULE-001

Step 3: Validate the Claim

Field	Value
Precondition	Refund category identified.
Action	Pull system evidence. Outage: check Network Operations logs or incident ticket. Billing Error: compare current vs. previous bill line-by-line. Speed Issue: review hardwired speed test history only (WiFi tests invalid). Cooling-Off: confirm contract start date is within 14 days. Fraud: freeze the disputed amount, flag the account ‘Fraud Review’, and open a Fraud Investigation ticket on this call — do not refund the disputed amount before the investigation outcome.
Output	Claim confirmed with system evidence, or fraud ticket opened.
Policy Ref	FIN-RULE-002, FIN-RULE-003, FIN-RULE-008

Step 4: Calculate Compensation

Field	Value
Precondition	Claim validated.
Action	Apply compensation matrix (FIN-POL-03 Section 2.2). Outage < 24h: apology only. 24–72h: (days ÷ 30) × monthly charge. > 72h: full month credit + \$10 goodwill. Billing error: 100% reversal. Missed appt (1st): \$25. Missed appt (repeat): \$50.
Output	Dollar amount calculated.
Policy Ref	FIN-RULE-001

Step 5: Check Authorization Level

Field	Value
Precondition	Amount calculated.
Action	Confirm amount is within the agent authority cap of \$200 (FIN-RULE-004). If within cap, proceed. If above cap, open a Manager Approval ticket from the agent’s seat and tell the customer: ‘I am opening a Manager Approval ticket for this; you will receive an outcome within one business day.’ Do not communicate any amount above the cap until the ticket is approved.

Field	Value
Output	Authorization confirmed and credit applied, or Manager Approval ticket opened.
Policy Ref	FIN-RULE-004, FIN-RULE-005
Step 6: Check Courtesy Credit Frequency	
Field	Value
Precondition	Authorization confirmed.
Action	Verify the account has not received a courtesy credit in the last 180 days. If the billing system blocks the transaction, open a Manager Approval ticket on the call. Do not work around the block.
Output	Frequency check passed, or Manager Approval ticket opened.
Policy Ref	FIN-RULE-006
Step 7: Apply Credit & Communicate Timeline	
Field	Value
Precondition	Credit approved and frequency check passed.
Action	Apply the approved credit code (ADJ-COURTESY, ADJ-OUTAGE, or ADJ-ERROR-REV) in the billing system. State: ‘I have approved a credit of \$ [Amount]. You will see this reflected on your next billing statement on [Date].’ Quote the correct timeline from FIN-POL-03 Section 2.5.
Output	Credit applied in system. Customer informed of timeline.
Policy Ref	FIN-RULE-010
Step 8: Document & Close	
Field	Value
Precondition	Resolution complete.
Action	Enter case notes within 5 minutes. Format: Reason Calculation Total Applied Ticket ID (if any). Ask: ‘Is there anything else I can help you with today?’ Provide case reference number and offer post-call survey.
Output	Case notes saved. Call closed.

Field	Value
Policy Ref	CS-RULE-020, CS-RULE-021, CS-RULE-022
Special Conditions	
	• Fraud: never refund the disputed amount on the same call. Freeze, open Fraud Investigation ticket, and tell the customer Revenue Assurance follows up within 4 hours. (FIN-RULE-008) • Serial refunders (> 3 requests in 90 days): system auto-flags. Open a Revenue Assurance ticket from the agent's seat and inform the customer of the 1 business day follow-up. Do not refund again on the same call. (FIN-RULE-007) • Cooling-off refunds: no-questions-asked, but equipment must be returned in good condition. Processed at the agent's seat without ticket. (FIN-RULE-009)
